Oswego Kansas

November 6th 1879.

Superintendent Mint of U. S.

Philadelphia Pa.

Sir.

Yours of the 17th ultimo inclosing silver & nickle proof coins, has been received. I think there is a mistake in the matter and hence I write to you. You sent me eleven coins in all, amounting in all to $3 03/100. There is no 20 cent piece nor 5 cent Silver piece nor 3 cent silver piece. You sent me two 5 cent nickles just alike and also two three cents pieces and two one cents pieces just the same. In a former letter you said that the coins were furnished at a "little advance over the regular nominal price." I sent you $4.12 making a difference of $1.09 which I suppose is more difference than you intended to make. Please let me hear from you.

Respectfully.

S. L. Coulter.
